Summer Term 1 – April 202

General News

Welcome back; we hope you all enjoyed the Easter break. This term we hope to be spending lots of time outside. We are planning lots of messy activities so, as always, please don't let your child wear their best clothes.

We hope that all those who applied for school places were successful. Please let us know which school your child will be attending. We will be inviting teachers to visit nursery to get to know the children and will share information with them to ensure a smooth transition.

We will soon be making appointments to discuss your child's progress – a separate letter will be sent out for this.

Reminders

- Please send your child's clear school bag (or the blue one for those who have been with us a long time) every day. We are finding it increasingly difficult to keep the children's pictures and letters etc together when they go home. If you have lost the bag you can buy another one for 50p.
- Please only send a backpack/other bag if your child is in nappies or toilet training.
- Please put the fruit for snack time in the fruit bowl when you come in.
- As the weather gets warmer, please apply sun cream before your child comes in and send a sun hat.
- Please name all your child's belongings.

Covid 19

Please see below a list of potential Covid 19 symptoms in children. This is from the NHS website.

- a high temperature or shivering (chills) – a high temperature means you feel hot to touch on your chest or back (you do not need to measure your temperature)
- a new, continuous cough – this means coughing a lot for more than an hour, or 3 or more coughing episodes in 24 hours
- a loss or change to your sense of smell or taste
- shortness of breath
- feeling tired or exhausted
- an aching body
- a headache
- a sore throat
- a blocked or runny nose
- loss of appetite
- diarrhoea
- feeling sick or being sick

Guidance from the Department for Education now states:

- adults with the symptoms of a respiratory infection, and who have a high temperature or feel unwell, should try to stay at home and avoid contact with other people until they feel well enough to resume normal activities and they no longer have a high temperature
- children and young people who are unwell or have a high temperature should stay at home and avoid contact with other people. They can go back to school, college or childcare when they no longer have a high temperature, and they are well enough to attend.

Please keep a close eye out for any of these symptoms – we thank you for continuing to be vigilant.

Term Dates 2021/2022

Summer Term 2022

Term starts: Tuesday 19th April

Half Term: 30th May – 3rd June

Term ends: Thursday 14th July
